---

*Currently pursuing a Bachelor of Science in Data Science with a passion for extracting meaningful insights from complex data sets. Possessing a strong foundation in programming languages like Python , along with expertise in data analysis techniques, including machine learning and statistical modeling.*

## EDUCATION

---

### **Netaji Subhash Engineering College –**

BSc. Data Science 2<sup>nd</sup> year

2022 – present

### **Techno India Group Academia –**

(10 +2) PCM, computer science

---

## SKILLS

---

- Power BI
- Python
- SQL/ MySQL
- MS Office/ Spreadsheet
- Machine Learning
- Statistical Analysis
- Weka
- C
- GitHub

---

## PROJECTS

---

### **IPL analysis using SQL –**

For analysis data collected from Kaggle.com, the data was available in .csv file. Before loading to SQL server the data been transformed and cleaned. After loading the data into the Sql server, required query entered to pull the insights like – finding “man the match of the season”, “most run made by player” “ total sixes in a season” etc.
